Keynote Motivational Speaker | Workshop Presenter
| Author | Visionary | Coach

"I just wanted to share with you that I am taking to heart your words about being a shining light. Yesterday I helped two people from other agencies who had grant questions, and I shared one of my past year applications with one of them. It was a wonderful feeling to be able to help with what I could tell was a frustrating subject for them. Thank you again for your inspiring words - they have truly motivated me to be a shining light for others!" - Dawn Myers
